## THE VETERANS ARE COMING!

### TO THE PEOPLE OF ANDERSON:

The reunion opens Wednesday. Many veterans will begin arriving here Tuesday afternoon. The Central Committee will appreciate it if the owners of automobiles, who can do so, will help us get the various veterans to their homes. If you can help, be on hand Tuesday afternoon and Wednesday morning. We will need all the help we can possibly get, as the indications point to a record crowd here.

With regard to homes, if you can make a sacrifice and let us place a veteran with you, we shall greatly appreciate it. We badly need homes. If you cannot take care of a veteran except in case of emergency, but would be willing to do so then, let us know, and if we must, we will send a veteran to you.

All of the program has been mapped out for the veterans and others, and all Andersonians will as usual exhibit their splendid spirit of helpfulness, and see that no veteran fails to get his reasonable wants. Let all help. The chances are the veterans will never come to Anderson again—so let us all smile, be happy, and make them have a good time.

Anderson, S. C. May 23, 1914.

THE CENTRAL COMMITTEE.

### SAMBOS' OFF TO AFRICA SOON

Chief Sam Says American Negroes Colony To Gold Coast Will Number 60

(By Associated Press)

Portland, Me., May 22. The party of negroes assembled by "Chief" Alfred Charles Sam will sail next week to establish a colony on the gold coast of Africa, according to announcement made today.

The steamer Curlyba secured by Sam last winter, and brought here for overhauling, has been changed from Cuban to British entry and now bears the name Liberia.

"We will first go to Norfolk to take on our bunker coal," said Sam, "and we will then head for Galveston where many of the colonists are waiting for us. We will have accommodations for a few over six."

### FLORIDIANS FIRE GREEK STEAMER

Sponge Fishing Trouble on Coast Still Acute and Disorder Goes On Near Key West

Key West, May 22. The Greek schooner, Amelia, engaged in sponge fishing, was destroyed by fire seven miles from here before dawn today. The four members of the crew were taken off by a launch, which went to the boat and came here.

Burning of the Amelia followed the earlier wrecking and sinking of a small Greek sponging vessel here by sympathizers of native sponge fishermen. The Amelia had a capacity of fifty-three tons.

The origin of the fire has not been determined. Much feeling has been aroused among the native sponge fishermen as a result of the activities of the Greeks. The latter have their headquarters at Tarpon Springs, Fla.

## ANDERSON MERCHANTS

The Coca-Cola Bottling Company is not giving away goods of its manufacture in Anderson. It feels that quality goods sell themselves and an article of merchandise which has no price to the merchant must be inately cheap to the making and not what that merchant feels altogether safe in selling to his trade. "Something for nothing" appeals strongly to a certain class. Quality goods are worth their price, and it is our sincere hope that our output will never be of such a cheap character that it can be peddled about and foisted off on unsuspecting trade, one free case to this merchant, two to the next and perhaps three to the third. One steadfast and unvarying rule of doing business with each and every customer we feel is the only sound one and we sincerely hope none of our trade will be bamboozled by fairy tales rehearsed by unknown and irresponsible parties.

### BEGGARS MUST GO BACK HOME

Probably the Same Two Assyrians as Were in Anderson Are To Be Deported From U. S.

While it may or may not be the same two beggars that Anderson was afflicted with a few weeks ago, it is believed that the two now in trouble with the authorities in St. Louis are the same ones that vexed and worried the local folks begging for alms. The following is an extract from Press dispatch from St. Louis last night.

George Michael and Joseph H. George are being investigated by immigration officials here and will be recommended for deportation on the ground that they worked a confidence game on President Wilson, Senator Stone of Missouri, and Secretary of War Garrison. The men were arrested here after soliciting funds from the business league for an orphanage in Syria. Investigation, it was said, revealed that the letters were bogus.

**McKENNEY FOR COUNCIL**  
His Name Proposed by His Friends in Resident of Ward 2.  
Friends of Mr. Carlisle McKenney have suggested his name as a candidate for alderman Ward 2. Mr. McKenney is one of the progressive young real estate men of the city and in the last year he has assisted in some of the larger developments in this city and has on foot some other big plans. He said yesterday that he does not care to get into politics, but he does wish to see a business administration of the affairs of the city and he hopes that the next city council will be composed of men of means who will keep up the progressive stride that Anderson has struck.

Urban and interurban men find the Ford a faithful friend. For the quick trip into town—for the leisurely ride through country-side—for business—for pleasure—anywhere—everywhere—the Ford serves best. And it's light, right, dependable and economical.

Five hundred dollars is the price of the Ford runabout, the touring car is five fifty; the town car seven fifty. O. B. Todd, local dealer, Anderson, S. C.
